Methods of Voting

- Show of Hands** - The quickest form of voting. The Chair asks for those in favor to raise their hands, then asks those opposed to do the same. This type of voting will occur when passing the minutes and adjourning the meeting.
- Show of Hands Count Off** - The most common form of voting. The Chair asks for those in favor to raise their hands and count off, then asks those opposed to do the same. This type of voting will occur for most voting needs unless a roll call vote is requested.
- Electronic voting** – This form of voting is used for votes taken under Old Business and New Business. The Vice President will set up the vote, and members will use an electronic device to login and vote. Voting results will be announced, but individual Senate member votes will be kept confidential.
- Roll Call Vote** ("I move for a roll call vote") - If this motion is seconded, a roll call vote is in order. the Secretary of Community Engagement shall call the roll and Senate members shall answer "yea!" or "nay!" The motion for a roll call vote must be made immediately following closure of debate and before any other vote on the motion or amendment has taken place.
- Secret Ballot Vote** ("I move for a secret ballot vote") - If this motion is seconded a secret ballot vote is in order. The Secretary of Community Engagement shall pass out ballots on which members shall write "yea!" or "nay!" The motion for a secret ballot vote must be made immediately following closure of debate and before any other vote on the motion or amendment has taken place.
- Abstentions** - An abstention is used when a member is unsure which way to vote, does not feel qualified to vote on the particular issue, or feels that there may be a conflict of interest between their S.G.A. position and another activity in which they are involved in. Abstentions have no actual impact on the results of a vote.

Counting Votes

1. Under a show of hands, show of hands count off, or roll call vote, the Chair shall call for Yea's, and they shall be recorded; the Chair shall call for Nay's and they shall be recorded.
2. The result of a motion (pass or fail) is determined by the number of Yea's or Nay's. Dependent on the motion, either a simple majority or two thirds (2/3) majority is needed.
3. Voting may not take place unless quorum has been met.
